# What do we mean by “Book Walk Set”?

“Book Walk Set” refers to a set of signs that display a Storytime Trail title.

Individual signs show two pages of a particular book.

Signs are numbered and contain “conversation prompts”  
and QR codes that link to videos.

Our book walks always include lesson plans and video resources.

**Signs are 24 x 30 inches and held in place using 2 H-Frames.  
Signs can also be attached to a steel fence using zip ties.**

# One “Book Walk” set equals Two boxes.

# How to combine Signs and H-Frames.

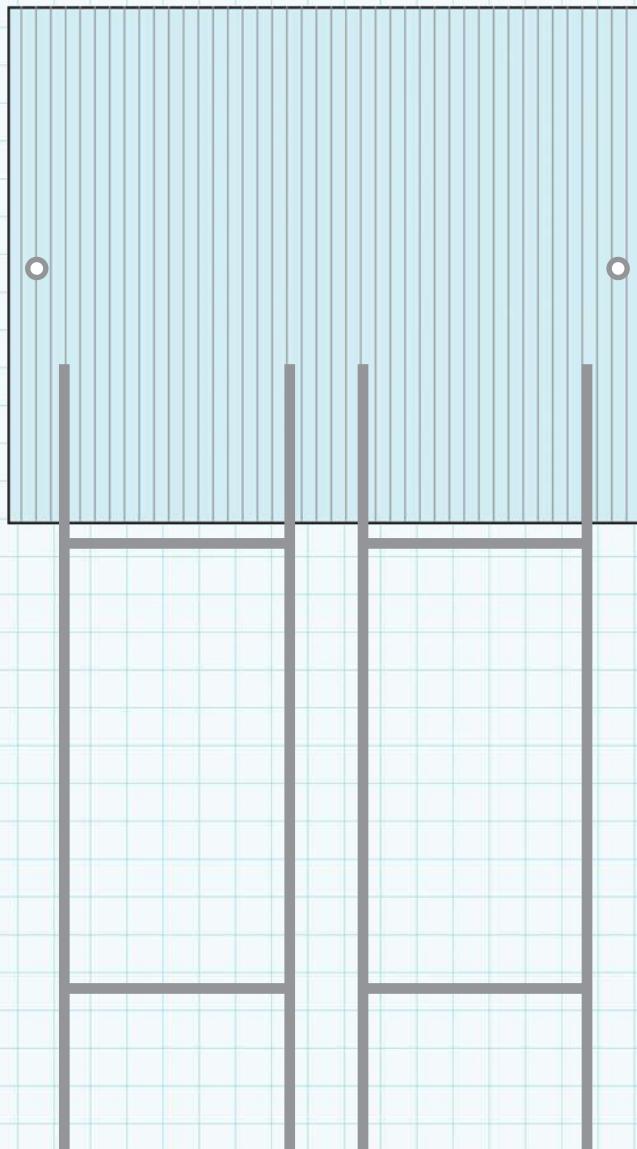

Correctly installing and removing signs will help prevent damage and increase the life of your signs. Here are a few helpful tips.

Before putting a sign into the ground, carefully guide two H-Frames into the channels of the Coroplast panel as shown.

**Note:**

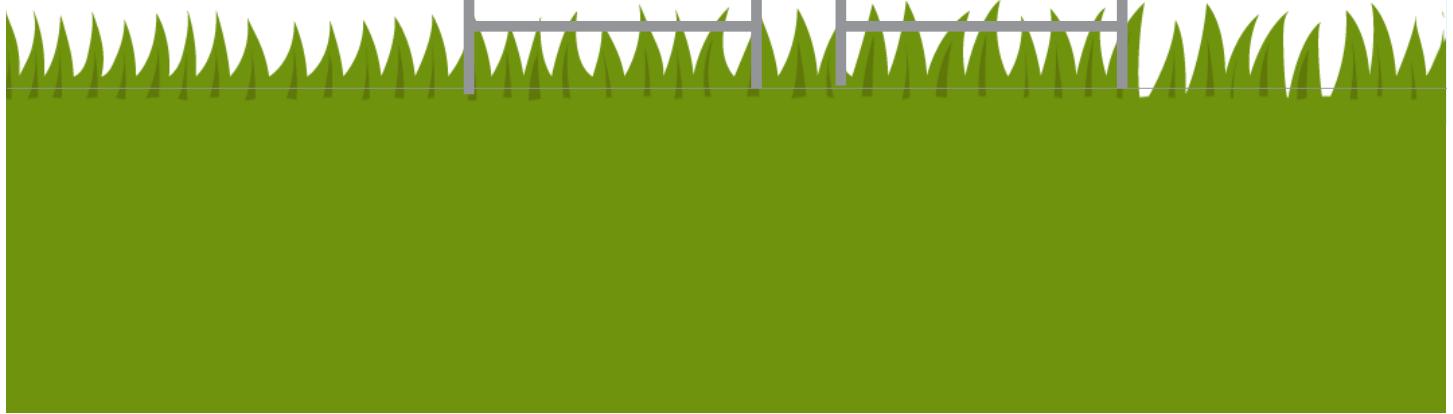

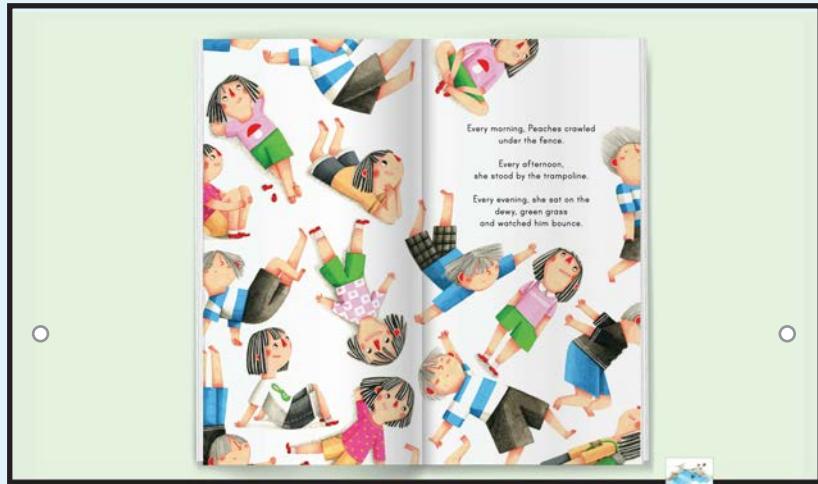

The metal stake should slide smoothly into a channel. If not, reinsert the stake one or two channels to the left or right. This adjustment will correct a fit that is too narrow or too wide.

For maximum stability, the bottom of the sign should touch the upper crossbeam of the H-Frame.

# What's the right height?

The top of a sign should be about 3 feet above ground.

# Installing your signs.

Carefully apply pressure to the horizontal crossbar using your hands or feet, while alternating from side to side.

It's not necessary that the lower crossbar rest on the ground. A gap of a few inches is OK.

Wipe away dirt and moisture to prevent stakes from rusting.

**When removing signs: extract gently upwards to avoid bending metal stakes.**

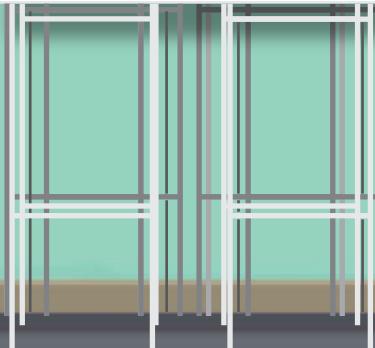

# Mounting signs to a fence.

All signs come with a pair of grommets on the vertical edges. If the ground is frozen, and you are unable to set up your signs with H-Frames, you can attach the sign to a chain link fence using zip ties. The top edge of the sign should be at eye level.

(Note: We do not provide zip ties. Check with your school custodian for supplies.)

# Daily storage.

We recommend taking signs down at the end of each day to avoid damage or risk of theft. Stacked signs take up minimal space. Collecting signs is the perfect job for Junior or Intermediate students or special clubs eager to help out around the school!
